

# THE AMERICAN SOCIETY OF AGRONOMY

---

## OBJECT

*Article II.* The object of the Society shall be the increase and dissemination of knowledge concerning soils and crops and the conditions affecting them.

## MEMBERSHIP

*Article IV.* Membership shall be of three kinds, active, associate and local. Active membership shall be limited to persons who are engaged in teaching agronomy or in scientific investigation in some branch of agronomy. Associate membership shall be composed of other persons interested in the object of the Society. Associate members shall be entitled to all the privileges of the Society except that of voting. Local members shall have no vote in the Society and shall not be entitled to a copy of the printed proceedings without payment of an extra sum of money as provided in Article V of this Constitution.

Active and associate membership may be secured by the endorsement in writing of some active member and upon approval by the President and Secretary and payment of the annual dues.

## BY-LAWS

1. The annual dues for each active and associate member shall be \$2.50, and for each local member \$50, which are due and payable on January 1 of the year for which membership is held.

2. Any member in arrears for dues for more than one year shall thereby forfeit membership, but may be restored to membership without action of the Society upon the payment of such arrears.

Applications for membership should be sent to the Secretary-Treasurer, preferably accompanied by remittance for dues, to save correspondence.
